NEWS RELEASE

March 31, 2022

Kern County Agricultural Commissioner, Glenn Fankhauser, announced that 12:01 a.m. Sunday, April 3, 2022 is the date establishing the 10% bloom stage for all citrus North of 7th Standard Road.

This establishes the beginning of a time period when the use of insecticides is greatly restricted in citrus groves to enable bees to work the citrus blossoms and reduce the potential of serious pesticide damage to the bees.

All citrus growers, pest control operators, and beekeepers must comply with the regulations covering the citrus/bee protection areas.
